EXCELLENCE

The Metaphysical Leadership Connection

- Metaphysical Leadership transcends the conventional boundaries of leadership, tapping into the profound inner powers that each of us possess.
- By aligning with the universal laws and metaphysical principles we harness the essence of our being to lead from within.

Excellence is the result of applied Metaphysical Leadership
and is not merely about achieving external success;
it is about embodying the highest standards of integrity, purpose, and influence.

EXCELLENCE

Let The Journey Begin

This journey towards excellence begins with recognizing and cultivating the innate powers within us.

On this journey we transform not only our own lives but also the world around us.

As we lead with authenticity and vision, we set a powerful example of what is possible when we fully engage the metaphysical forces that shape our reality.

Destination Excellence

The journey to excellence begins
with you, continues with you, and
Ends with YOU!

EXCELLENCE

What is it?

Where is it?

How do we get there?

EXCELLENCE

What Is It?

“Excellence is doing ordinary things extraordinarily well.”

John W. Warner

“Excellence is the desire to excel exclusive of the fact whether someone else appreciates it or not. Excellence is a drive from inside, not outside. Excellence is not for someone else to notice but for your own satisfaction.”

Unknown

Thought to **THINK** about

“We are what we repeatedly do. Excellence, then, is not an act but a habit”-

Aristotle

A Story to Consider

A woman once visited a museum that was under construction and there, she saw a sculptor who was working on the face of a child. She also noticed a similar face lying nearby. Surprised, she asked the sculptor, "Do you need two faces of the same child?" "No," said the sculptor without looking up, "We need only one, but the first one got damaged at the last stage." The lady examined the face of the discarded work and found no apparent damage. "Where is the damage?" she asked. "There is a scratch on the nose of the child." said the sculptor, still busy with his work. "Where are you going to install the figure?" she asked.

The sculptor replied that it would be installed on a pillar twenty feet high. "If the face is that far, away, who is going to know that there is a scratch on the nose?" the lady asked. The sculptor stopped his work, looked up at the lady smiled and said, "I will know it."

EXCELLENCE

The Moral to the Story

The desire to excel is exclusive of the fact whether someone else appreciates it or not. "Excellence" is a drive from inside, not outside. Excellence is not for someone else to notice but for your own satisfaction and efficiency.

EXCELLENCE

Where is it?

“Whoever I am, or whatever I am doing,
some kind of excellence is within my reach.”

Gardner

Thought to THINK About

Where is Excellence?

It is in you!

Reach inside yourself and
you will find Excellence reaching back

Tyrone

EXCELLENCE

How Do I Get There?

“Excellence is never an accident; it is the result of high intention, sincere effort, intelligent direction, skillful execution and the vision to see obstacles as opportunities.” *Unknown*

Thought to THINK About

If a man is called to be a street sweeper, he should sweep streets even as Michelangelo painted, or Beethoven composed music, or Shakespeare wrote poetry. He should sweep streets so well that all the hosts of heaven and earth will pause to say, here lived a great street sweeper who did his job well.

Martin Luther King, Jr.

EXCELLENCE

"The will to win,
The desire to succeed,
The urge to reach your full potential;
These are the keys that will unlock
the door to personal excellence."

Confucius

EXCELLENCE

THE VISION

“Every great work, every big accomplishment, has been brought into manifestation through holding to the Vision.” *Florence Scovel Shinn*

“Where there is no vision, there is no hope.”
George Washington Carver

Final Thought to THINK About

“Your beliefs become your thoughts.
Your thoughts become your words.
Your words become your actions.
Your actions become your habits.
Your habits become your values.
Your values become your destiny.”

- *Mahatma Gandhi*
